Use of color We recommend that bleed the background of the work of art throughout the extension of the template box; this allows a better consistency of color in all the panels of the folder. "Try to avoid large areas of the same color or gradients; that is where the problems of color, such as the band or the ghost become more remarkable. The work of art also contains an identification panel, for example. Showing P2 style. Add to our Cookies Policy to get more information, change your configuration or deactivate cookies.
